Subject

Toll collections at the City Toll gate near the entrance to the Ulsoor Reddipalya a village on the Tumkur road within the limits of the Bangalore City municipality

Presidents etc. 18 and 28 dated 28' July and 28' August 1903 respectively

The President City municipality reports that in January 1900, a dispute arose between the Toll collectors of the City and the Station municipalities in regard to the right to levy tolls on carts passing on the Tumkur road and entering the Station limits, as the latter claimed it on the ground that the destination of the carts was within its limits and the former on the ground of the Tumkur

road being maintained by it. The matter was decided at a conference held by the then Presidents, Messrs K. P. Puttanna Chetty and L. T. Ferris. According to this settlement the City Municipality was to levy tolls on animals and carts entering the above gate on the Tumkur road, those entering on the Vandidroog being tolled by the Station Municipality, as those roads belonged to and were being maintained by the respective ~~Boards~~ Boards. There are no papers on the subject; except the statements of the Amildar of the Bangalore Taluk and the Collector of Municipal Cases, who were present at the conference.

2. The President complains that the Station Municipality, without any regard whatever to the aforesaid arrangement, which worked satisfactorily for 2½ years, has set no

opened

opened a check Toll gate at the Miller's Road near the Cantonment Railway station, compel carts &c going to the Station municipality to take the Vandidroog road and pretoll, at the new gate all carts going to Cantt by the Tenkim road and at the Bellary Road Toll gate. By this interference on the part of the Toll Collectors of the Station municipality, the late Contractors of the City Toll gates claimed heavy damages and withheld payments due for the months of March. April and May 1903 amounting to Rs 3,825. The right to collect tolls on this Road is reported to have been sold in the past years for Rs 957 and 1,300. If so, it is not clear why the Contractor was allowed to withhold such a large sum as Rs 3825 for 3 months, As the matter is stated to be under the consideration of

n while the annual contract for the road was between 957 & 1300 Rs.

of the Board, may a copy of the resolution be awarded." The City municipality called for a statement of monthly toll collections

3 The President also brings to notice that the present Contractors complain bitterly of the new check Toll gate at the Uitlenhage road, which the East Station municipality is determined to continue. The City municipality has therefore ~~prepared~~ been compelled to remove their Toll gate to the extreme municipal limit and levy tolls on all vehicles and animals entering the gate. As the levy of a second toll on vehicles and animals entering the Station through the City is not right, the President requests that the Station Municipality may be asked to discontinue levying such tolls in future, so that the municipality may not be put to the necessity of levying similar tolls on carts coming through the Civil and Military Station.

& by the Station municipality at the new Toll gate (Flag-C)

Copied

4 It is submitted that the States Municipality contends that all carts &c entering its limits should pay tolls to it, whether the roads on which they pass ~~[illegible]~~ are maintained by it or not while the City Municipality concedes that it is entitled to toll all carts &c passing on the Tenkenr road &c, maintained at its cost, whether such carts go to the City or Station Municipality. Under para II of the Proceedings of the Joint Committee of the Town of the City & Station Municipalities of 20 6 99, tolls are leviable on vehicles and animals entering the States. or the City. The contention of the City Municipality to levy tolls on the Tenkenr road maintained by it is not supported by the Proceedings of the Joint Committee nor are there any papers relating to the decision could have been arrived at by either Municipality and Harris in 1900

Flag A in L-T 194 of 94 Part II. (Detached & finds its way into other files)

The papers were called for
in docket no 1411 / L7 194-94 dated the 9th
October '03

In submitting the file of
papers on the subject and also copies
of the references called for, the President
states that legal steps are being taken
against the late Toll Contractors as
to resolved upon by the Board in view
to the recovery of the arrears due from
them to the Municipality, and that
as every endeavour towards a satisfactory
compromise between the City and the C.P.R

C to 2nd 154 Dy
the 7th Decr '03

Municipalities in connection with the existing difference between the two regarding the location of their respective toll-gates at the Gunkwa Road has proved ineffectual, it would seem desirable to avoid all future complications, to open a common toll-gate at the Municipal Palya Police Station and sell the right of collection annually, the proceeds being divided equally between the two Municipalities. As the President understands that the Cox Station Municipality agree to this arrangement, he submits the proposal for early orders of Government.

It is submitted that this proposal does not seem to have been fully considered by the Municipal Board.

Common toll-gate is suggested to tide over the present difference, it is submitted that it does not avoid future complications. Questions regarding matters of detail, such as (1) which Municipality to have control over the Common toll-gate, (2) which to receive and dispose of tenders and which to receive collections and distribute the same &c have not at all been ~~touched upon by~~ touched upon by in the President's letter. The matter being one affecting the municipal revenue, a reference to the Boards also seems necessary, and it seems to also desirable to refer the matter for decision to a joint Committee consisting of a number of Municipal Commissioners of the two Municipalities

27/04.

Dear Mr Greenwood,

I find that Mr Lloyd wrote about that toll gate and suggested the proceeds should be divided, and that his letter was placed before the City Board at the last meeting and decided that the offer should be accepted. Mr Lloyd doesn't say whether his Board has proceeded. I have directed them to send Copy to you.

Yours truly
Sdg. H. H. Shorter

* Returned with C.S. 20/04

I forgot to mention that morning that last night Genl: Wilson spoke to me about the Malleguel Hand and expressed his anxiety to get an answer from Govt. as he now has troops at his disposal. It wd. be a great thing if the question could be settled as soon as possible & the ryots turn out before the rains as then they would not feel it so much, & it will be easier for all parties.

Yours H.N.S.

This probably is a Revenue matter & the Levy may take such action as he may deem proper

Asst. C.S

30/1/04

15 In continuation of his letter no 15 of the 15th Decr last (vide para 8 supra) the President has now submitted for perusal and final orders copies of letter no 4231 of the 21st Idem from the President of the C & M Station Municipality and of the Board's resolution thereon.

*Letter no 193 S the 3d Feb: 1904.

16 In that letter, Mr. Lloyd proposes the opening of a joint ~~road~~ toll-gate at the Mandideva Road and sharing the proceeds equally between the City and the Station Municipalities. He has no objection to the joint toll-gate being worked by the contractors of the City Municipality provided half the

amount for which it is asked to be paid to the Station Municipality. He considers one-half a very reasonable request as, in his opinion, all or each all the carts which come along that road find their way into the Cantonment (if not being the direct way to the City proper), and a large proportion go direct by the Sandiboung road.

17 The City Municipal Board have resolved agreeing to the payment of half the net profits from that gate to the Station Municipality.

18 The President solicits final order in the matter.

19 The detailed reports and sketch called for in docket No. 29/81 dated the 12th Feb. 1904 have not yet been received.

Enclosure No. 1

Stating that the refusal of the President, C & M Station Municipality to remove the Check toll-gate on the Tumkur Road has necessitated the removal of the city Toll-gate further West on that road to the extreme municipal limit, and requesting that C & M Station Municipality may be addressed not to levy a second toll on Vehicles and Animals once lotted by the City so that the City Municipality may not reciprocate the action in respect of Vehicles & Animals coming through the Civil and Military Station

OFFICE OF THE MUNICIPAL COMMISSION,

City Bangalore, July 17 1903.

No. 18 / 28

From

THE PRESIDENT,
Municipal Commission,
Bangalore City.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

Sir,

I have the honor to Submit for information and orders of Government the following circumstances connected with the City Toll-Gate on the Tumkur Road near the entrance to Munireddipalyam. From the accompanying Sketch, it will be seen that that portion of the Tumkur road which lies within the City Municipal limits extends beyond the junction of Tumkur and Nandidroog roads and that the city

by the Civil and Military Station Municipality as these roads belonged to, and were maintained by, the City and Civil and Military Station Municipalities respectively. This arrangement worked Satisfactorily for nearly two years and six months. In June 1902 the present President of Civil and Military Station Municipality intimated his intention to open another Toll-Gate on the miller's road on the Ground that the City Toll-Contractors intercepted the traffic

to

to Cantonment and that the New Toll-Gate would act as a check against this. He also suggested that the City Toll-Gate should be shifted from the portion marked A to the portion marked B. The City Toll-Gate was accordingly shifted to the place suggested by him. Even after this the check Toll-Gate has not been removed. The President of Civil and Military Station Municipality seems to think that tolls are leviable on Vehicles and Animals according to their destination i.e, those that go

-to City/ Should be tolled by the City/ and those that go to Curland Military Station by that Station. It is understood that the object of levying tolls is the maintenance of roads on account of the heavy traffic thereon and that the destination is immaterial. The reciprocity of arrangement between the two Municipalities that no second toll should be levied on Vehicles and animals when once they have been tolled by one Municipality on entering its limits also seems to be

based on the above understanding

2. The Toll Gate on the Tumkur Road has been leased during the past years for large Sums of ~~Rs~~ 957 and 1300, and the Contractors have been complaining of heavy loss to them owing to the action of Civil and Military Station Municipality. Not only are carts entering through Tumkur road re tolled, thereby compelling all carts entering Civil and Military Station through that road, to take only Nandidroog road, but also carts tolled by the City Contractors

at the Bellary Road Toll-Gate are
revolted while they enter the Civil
and Military Station.

3. The late Toll Contractors have
given notice claiming heavy
damages and the question is under
consideration of the Board. Should
it be decided that the loss is due to
the interference of Civil and Military
Station Municipality, a reference
will be made to Government on the
subject of claiming such damages
from that Municipality as the Board
may deem proper. The present Contractors
are

are also bitterly complaining of the Check Toll-Gate.

4. The President of Cavland Military Station. Municipality is decisive in his letter no 1359 dated 18th June 1903 in Stating that the check-Toll-Gate cannot be removed. The City Municipality have in consequence, been driven to the necessity of removing the City Toll-Gate further West on the Trunk Road to the extreme Municipal limit and levy tolls on all Vehicles and

and animals that enter the Gate.

As levy of a second toll on Vehicles and Animals entering Cantonment limits through the City is not right, I have the honor to request that Government will be pleased to ask the the Cantonment authorities to discontinue levying such tolls in future so that this Municipality may not be put to the necessity of levying similar tolls on carts coming through the Civil and Military Station.

5. The correspondence connected with the Subject is herewith

4. Submitted for information of Government.

I have the honor to be

16/12

OFFICE OF THE MUNICIPAL COMMISSION,

City Bangalore, 1 December 1903,

No. 154 with 2 files 15

FROM

THE PRESIDENT,
Municipal Commission,
Bangalore City.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

SIR,

With reference to your docket no 1411 E 7 194-94 dated the 17th October last calling for further information regarding the Toll Collections at the City Toll-gate at Munireddipalya, I have the honor to return the file together with copies of the letter no 511 dated the 23rd October 1899 from the President of the Civil and Military Station Municipality and this Office reply thereto no 79 dated the 6th November 1899 as also copies of Statements of monthly toll-collections of the Station Municipality at the Nandidroog Road and the Miller's road toll-gates with a copy of the Board's resolution dated the 27th August last on the outstanding arrears due by the late Toll Contractors.

2 The late Toll Contractors complained about the loss of toll not only at the Munnaddapalya Toll gate but also, as already reported in para 2 of this Office letter no 18 dated the 28th July last, at the Bellary road toll gate, as carts that first passed through the latter toll gate and subsequently entered the Civil and Military Station were also retolled by that Municipality. Nevertheless, regular demand was being made every month and finally the matter was placed before the Board in August last. Legal steps are being taken against the late Toll Contractors in view to the recovery of the arrears due from them to the Municipality.

3. As every endeavour towards a satisfactory compromise between the City and the Civil and Military Station Municipalities in connection with the existing difference between the two regarding the location of their respective toll gates at the Tumkur Road

has

has proved ineffectual, it would seem desirable, to avoid all future complication, to open a common toll gate at the Munnireddi palya Police Station and sell the right of collection annually, the proceeds being divided equally between the two Municipalities. I understand that the Civil and Military Station Municipality now agree to this arrangement and I would therefore submit the proposal for early orders of Government.

No 4231

C and M Station, Bangalore
Municipal Office,
Dated 21st December 1903

From

E S Lloyd Esquire, I C S,
President, Municipal Commission,
C and M. Station, Bangalore

To

The President of City Muni Commn
Bangalore

Sir,

I have the honor to again address you on the subject of the dispute as to the Nandidroog and Tumkur Road Toll gates

2 The system of tolls in both Municipalities was, as you are of course aware, introduced simultaneously and a list of the proposed sites for toll gates in this Municipality was sent to you and accepted. The Nundydroog toll gate was included in this list and for some time it was a recognised thing that all carts coming into this Municipality by the Nandidroog Road should be tolled at this gate and at no other. It being brought to my notice that the present city toll gate-

contractor has moved his gate (I understand with your permission) further back along the road in the direction of Hebbal, and that he insists on tolling every cart that passes, whether it is declared to be going to the Cantonment by the Nundydroog Road or not, the matter was brought by me to the notice of the Commission and it was resolved on 29th September to address the Honorable the Resident with a view of your Municipality being compelled to remove your toll gate to the limits of the Municipal Boundary which were understood to be the Stone below the junction of the Nundydroog Road just beyond the gate leading into the Palace Grounds.

3 I did not at once forward this Resolution as it seemed to me best to a gain attempt by a personal conference to settle the dispute. You kindly consented to this but were at the last moment prevented by other work from meeting me Dr Palpu, the Vice-President, whom you deputed in your stead and then for the first time pointed out

to me that the City Municipal boundaries, though not yet altered on the land, has been notified to be further extended so as to include the road above the junction of the Nundydroog Road

4. This being the case it is useless forwarding the resolution of the Commissioner and technically I suppose you have a right to levy tolls at the boundary of your Municipality. I would however point out that the extension of your boundaries has resulted in cutting off the entrance to the Station by the Vandidroog Road thus causing, if your policy is insisted upon, either a heavy loss to this Municipality by the closure of the Nundydroog ~~Road~~ Gate or the anomaly of two separate toll Gates within half a mile or so of one another I can hardly think that this was realised when your boundaries were extended or otherwise certainly we should have been given an opportunity of expressing our

views before the order was passed
5 I have therefore the honor to ask you
if some Settlement of the question cannot
be arrived at. There seem to me only two
causes (1) that every cart which on reaching
your gate is declared to be going only
to the Cantonment by the Nundydroog
Road should be allowed to go untolled,
or (2) that the two Municipalities agree
to have only one toll gate and share
the proceeds. This seems to me the fairer
course I should have no objection to
its being worked by your Contractor
provided half the amount for which
it is contracted be paid to us I consider
one half a very reasonable request,
as almost all the carts which come
along that road find their way into the
Cantonment (it not being the direct way
to the City proper), and a large pro-
portion go direct by the Nundydroog Road.
As the double tolls at present being

(37)

levied cause much discontent, I have the honor to request a very early expression of your views.

I have Ve

7. Letter No. 4231, dated the 21st December 1903, from the President of the Civil and Military Station Municipality, proposing the opening of a joint toll gate at the Nandidrug road Ukkad and sharing the proceeds equally in view to avoid the existing differences between the two Municipalities regarding the location of their toll gates at that road.

Resolution:- The Board agree to the payment of half the net profit from this gate to the Cantonment Municipality.

+
Flag D

To,
The President of
the Municipal Comm^rs
Bangalore City

His letter no 154 dt
the 7/15 th December 1903
submitting the file of
papers relating to the
toll-gate at Munireddi
Palya and also copies of
certain references called
for in this office docket
no 1411 dated the 9 th
d 7 194-94
Oct^r '03. and stating that
as every endeavour to-
wards a satisfactory com-
promise between the City
and the Cd^t Station Muni-
cipalities in connection
with the existing difference
between the two regarding
the location of their ~~said~~
respective toll-
gate

34

As at the Ennikea Road has proved ineffectual, it would seem desirable, in order to avoid all future complications, to open a common toll-gate at the Municipality Polya Police Station and sell the right of collection annually, the proceeds being divided equally between the two Municipalities

No 2981 9/12/24
L.T. 194-94

With reference to the above has the honour to enquire whether the Board have fully considered the working of the details of the proposed arrangement; viz which of the Municipality's and Esplanade

whether any payment is to be made on account of ~~tolls~~ keeping in repair & control & if so by whom

which shall
said toll-gate, ~~who~~ to
& dispose of & on what
receive ~~the~~ tenders, & ~~and~~
terms; ~~dispose of it &c;~~ & and which ~~who~~ to
should maintain and control the
establishment, if any, that
might be required for the
toll-gate, if, at any future
time, it should be decided
to work the toll collection
departmentally. It is not

Requests that the question
may, if it has not been
already done, be thoroughly
discussed at the Boards'
Meeting and ~~later~~ the
decision arrived at be
embodied in a formal
letter to the President of
the C & M Station Municipal Commission with a
suggestion to refer the matter
to a joint Committee consisting

also clearly before them
the ~~Mayor~~ proposal
~~as well as~~ the ~~suggested~~ views
of ~~the~~ Local
~~Council~~ placed before
the Local Board of
the C & M. Station,
and whether on
all the points at issue
~~they agree~~, both
the Boards have
come to a
common understanding.

2 - Attached also
~~Communication~~
in connection with
the C & M Station
Board should be
asked as early as

of a specified number of
Municipal Commissioners of both
the ~~[illegible]~~ Municipalities.

OFFICE OF THE MUNICIPAL COMMISSION,

City Bangalore, 6th JUNE 1904 *190*

No. 299
Encl: One.

FROM

THE PRESIDENT,
Municipal Commission,
Bangalore City.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

SIR,

In continuation of this office letter NO: 263 dated the 12th ultimo, I have the honor to forward herewith copy of letter NO: 948 dated 30th May 1904 from the President of the Civil and Military Station Municipality regarding the Tumkur road toll gate and to state that on receipt of that communication I decided to exclude that gate from the ensuing auction of the City toll gates for the next year with a view to sell it separately so that the amount obtained therefor may be disposed of in the proportion the Government may order hereafter. A separate notice of sale for the said gate has accordingly been sent to the Mysore Gazette in anticipation of Government approval, so that the item may be disposed of before the close of the year and collection may be begun from 1st July next.

2. The resolution of the Station Municipality on the subject promised by the President in the letter referred to above will, on receipt, be placed before the City Municipal Board at this months' meeting, if possible, and their views as to how the joint toll gate should be

worked will be reported.

I have the honor to be

Sir,

Your Most Obedient Servant,

A. Sagayam

President.

Letter No 948 dated 30th May 1904 from P.L.Moore,Esquire, I.C.S., President,Municipal Commission,C.& M.Station Bangalore, to the President,Municipal Commission, Bangalore City.

Sir,

My attention has been drawn to your advertisement of the 19th Instant on page 711 of the Mysore Gazette of the 26th idem regarding the sale by public auction of the right of collecting tolls on vehicles and animals entering the City.

2. I have the honor to invite attention to the correspondence ending with my letter NO: 428 dated 26th ultimo, and to say that in the light of that correspondence I presume the toll gate —— near the entrance to Munireddipalya will not be sold.

3. A further resolution on the subject was passed at the meeting of our Municipal Commission on 26th Instant and will be communicated to you in due course.

I have &c.,
